

Keep Loudoun Beautiful

We've all walked around Loudoun. It's pretty, but it kind of needs to be cleaned up. And that's a job for... us! All we need to do is just walk around and clean up trash. Because it's gotten kind of bad, I've seen the wind blow trash up against fences, and me and my friends even found a PIZZA BOX! We picked up all the trash we found. Whenever I'm in the bus on the way to school, there's always trash on the curb. One thing we really need is to get more people to participate in Earth Day. That's right, I don't really see people clean up trash on Earth Day. We also should put more trash cans on the sidewalk. I really don't see any, but we have four just at our playground, and there's still trash! Before I go, I have something for you to remember:

Roses are red,
Violets are blue,
The world needs your help,
What will you do?
