Keep Loudoun Beautiful

I love where I live, so I want to keep it beautiful. I want to mow the lawn, so the grass is short and green. I want to plant flowers, trees, and blueberry bushes. I want to clean the water so that it is clear, and I can swim in it. I want to pick up trash to keep Loudoun beautiful. I want to recycle so I don't hurt the environment. I want to protect the animals because I love animals.
